The News.

Four or five lives were lost by an accident to a steamer on the Mississippi, near St. Louis, on Tuesday night.

By a brief dispatch from Trinity Bay, it will be observed that electric currents are being received from the other side, and that all hope of success is not yet abandoned.

The pension bill for soldiers of the last war has passed the House.

TOM HYER offers to fight any man in the world for $20,000.

Our market reports from the East indicate an improvement in pork, but breadstuffs are reported unchanged, wheat firm. In our own market yesterday spring wheat sold at an improvement of 1 to 2 cents, while pork was active and firm.

Weather more moderate and cloudy in the afternoon.

NEW COUNTERFEITS.—The following counterfeits are said to have been issued within the past two weeks:

Five's on the Laighton Bank, Lynn, Mass.—Two females, shield, &c., on upper left corner, bust of Webster on lower right corner.

Fifty's on the Georgia Railroad and Banking Co.—Vig. three faces, the middle one very indistinct—in the medallion head on right end the left eye is blurred—Indian on left end and dies on each upper corner—poorly engraved.

Tens on the Market Bank, N. Y. City, altered —Vig. drovers and cattle—man on horse on left.

Threes on the Bank of Commerce, Carmel, N. Y.,—Vig. female, eagle and shield—female reclining on right end—bust of Washington on left end.

Tens on the Farmers' Bank of Troy, N. Y., raised from ones—Vig. man and woman, sheaf of grain &c,—female, shield and eagle on right end—female between signatures.

Twos on the Delaware City Bank, Kansas—fraud likely to be taken for the Delaware City Bank, Delaware.—Vig. female, grain, &c.—steamboat in die on right end—bust of man on left end.

Washington Correspondence—Later of the New York war.

On the Tammany side were "the old Warhorse," Fowler, Hart, Kennedy, Cooper, Connolly, Waterbury, Purser, Chanler, Wilson Small, and some others; and on the Anti-Tammany side were Wood, Souter, Schell, Dickinson, Mather, and S. P. Russell. The President gave his decision in favor of Tammany That was the old headquarters of the Democracy, and the President would not countenance any schism.

A brief private despatch, received in this city yesterday, announced the result and diffused great joy among the Tammany men. It ran thus: *"Isaac is safe—Tammany Hall is and will be triumphant! Two interviews with the President: both entirely satisfactory.*

A dead set had been made by the Anti-Tammany men to obtain the removal of Postmaster Fowler, but it appears that it has failed. The President declined making decapitations, but the federal office-holders must support Tammany. So matters stand at present.

The Washington *Star* says: The parties spent some two hours and a half with the President, in consultation upon a feasible mode, if it be possible to arrive at one, of harmonizing the existing trouble between the wings of the party in New York they represent, and that known as the Wood and Schell wing, through whose differences the very last New York city election was lost to the democracy—a blow that will be very severely felt; inasmuch as it must eventuate in a transfer of the enormous municipal political patronage from the Democrats into the hands of the Republicans.

It is alleged by friends of the New Yorkers named above, that they came hither at Mr. Buchanan's request, and that in the interview he gave evidence of the great earnestness of his desire to consolidate and harmonize the party in the Empire City. They also claim that he has distinctly avowed his acquiescence in the regularity of the Tammany organization. Or, in other words, that hereafter the patronage of the Federal Administration in and around New York city will operate in entire harmony with Tammany Hall, if Tammany Hall takes due care to avoid the proscription of any one hereafter because they belonged to the Wood and Schell interests. At any rate they came away from the interview in high glee.—*N. Y. Sun.*

LOSS OF THE SCOW GLOBE WITH ALL ON BOARD.—By a letter from Mr. F. B. Wallin, of Newark, Michigan, to the firm of C. C. Wallin & Sons, of this city, we learn that the scow Globe was lost on the eastern shore of the lake, between the night of the 4th and the morning of the 5th inst., with all on board, viz: Captain Olsen and one seaman, a German family, consisting of man and wife and two children, of Chicago, and a man, name and residence unknown. The scow was loaded with lumber and leather, the latter from the tannery of Wallin & Sons. The Globe was bound from the mouth of the Kalamazoo to Chicago.

From another source we learn that there were fifteen passengers besides the crew on the ill-fated scow. Portions of the wreck and cargo had come ashore near the Holland Settlement, but no bodies had been recovered up to the 17th inst.—*Chicago Press & Tribune, 22d inst.*

DETROIT AND MILWAUKEE RAILWAY.—No one can form an idea of the extent of business done on this road, except from personal observation. The extensive docks at the depot are literally filled with all kinds of freight bound eastward over the G. W. Railway. Yesterday four freight trains arrived at Grand Haven, the western terminus of the D. & M. R., laden with freight from Milwaukee. There were also twenty-four passengers from Milwaukee by the Saturday evening train, who expressed themselves well pleased with the trip, as it is something of a novelty to cross Lake Michigan about the middle of December.

The way travel and freight along this road is destined to be very great. There being no other road with which to compete, a vast extent of country, and the best part of Michigan, will become tributary to it.—*Detroit Tribune, 20th.*

PROGRESS OF RAILROADS.—Mr. Plant, the gentleman employed by the Governor to inspect and verify the amount of railroad construction accomplished by the different companies, has just concluded his examination of a section of ten miles, graded by the Minnesota and Pacific, which makes fifty miles in all of their road ready for the iron, and entitles them to receive another issue of $100,000 State bonds. The character of the construction is highly recommended by the commissioner, and a personal examination of sections of the road visible on the road to Anoka, enables us to testify to the thoroughness of the work. The bridge at Anoka—360 feet in length—will be one of the most solid and substantial structures of the kind in the West. —*St. Paul Pioneer, Dec. 19.*

Steamboat Accident—Several Lives Lost.

ST. LOUIS, Dec. 21.

The steamer Aubrey met with an accident a few miles above here last night, by which four or five lives were lost. The boat ran on the wreck of a sunken steamer, bursting the steam pipe connected with her mud receiver, which caused a panic among the deck passengers, who, rushing *en masse* into the yawl, upset it, and several were drowned. Names unknown.

Young Men's Christian Associations.

As many a Christian heart has been gladdened by the rise and progress of the Young Men's Christian Association of this city, which has reached, within three months, a position in numbers and christian bearing, that commends it to the respect and well wishes of our citizens, it may not be out of place to refer briefly to the origin of Young Men's Christian Associations, and their rapid progress.

The fact that these organizations now number over one hundred and fifty in this country alone, and the almost universal attention their energetic labors have attracted within the last year, combine to make a brief sketch of their origin and progress a matter of interest to the religious community. It is due to a new religious journal, the Sunday School *Times*, published by the American Sunday School Union, under the editorship of Professor JOHN S. HART, ex Principal of the Philadelphia Central High School, to say that we find in the initial number of this handsome new weekly an article to which we are indebted for the facts we are about to use. The first permanent Young Men's Christian Association was formed in London, in June, 1844, the incidents of its origin being briefly these: A prayer-meeting was for some time held in a large commercial house, the participants in which conceived the idea of establishing similar meetings, and also Bible classes for the benefit of the young men, especially clerks in stores, of the city, and accordingly they formed themselves into an organization for that purpose. In nine months it attained a membership of one hundred young men, when it began to attract the interest of both the clergy and laity. In 1848 it numbered four hundred and eighty members, having then in charge thirty devotional and Bible class meetings in various places. During the ensuing two years, associations were formed in several of the leading towns of England, and in 1855 the number of members of the London Association was about fifteen hundred, at which time England numbered in all forty associations, France twenty-five, Switzerland three, and Holland one.

At the present time the London Association, after an existence of fourteen years, numbers nearly two thousand members. The first Young Men's Christian Association in this country was formed in Cincinnati in 1848, after the design of that of London, but was subsequently re-organized on the union basis, and has for several years been one of the most efficient of these associations. H. THANE MILLER, Esq., is at present its presiding officer. The association at Montreal was fully organized in December, 1851, in which same month, also, the association at Boston, of which F. W. SMITH, Esq., is president, was formed, and during the following year no less than twelve others were put in successful operation in different cities of the Union.—In 1853, associations were formed at Peoria, Quincy, and Springfield, Illinois; Charlestown, Massachusetts; and at Providence, Brooklyn, St. Louis, Lexington, Portland and San Francisco.

From the increased number of these organizations throughout the land, a general Convention for the purpose of interchanging views and forming a closer bond of union was deemed advisable, and was accordingly held, with excellent results, on the 7th of June, 1854, at Buffalo, at which nineteen of the then existing associations were represented. In many respects this Convention formed an important era in the history of Young Men's Christian Associations. The wisdom of those composing it was, doubtless, exhibited in the plan of confederation then adopted, making the conventions mere advisory bodies, without legislative powers, and leaving each association free and independent to regulate its own plan of operations in its own way.

The second Convention was held at Cincinnati, in September, 1855, the previous year having marked the establishing of a large number of associations, among which were those of Quebec, Halifax, Dayton, O., Harrisburg and Richmond.

The fact of this movement having been commenced here in emulation of what Christians were doing abroad, gave rise to correspondence between the two countries respecting it, and which led to the "Paris Conference," held in that city in August, 1855. At this conference there were present about fifty delegates, representing associations in France, England, Switzerland, Holland, Belgium, and Germany, the confederate associations of America having been represented by Messrs. GEORGE H. STUART, F. R. STARR, Rev. ABEL STEVENS.

The next Convention was held at Montreal, in June, 1856, at which time sixty-seven associations were reported as existing in America, of which forty-three were connected with the confederation. At the fourth Convention, held in Richmond, Va., in May, 1857, eighty three associations were reported by the Central Committee. It was there ascertained that in the various sections, different interests were sought to be promoted; thus, in some quarters, reports showed a greater efficiency in the establishing of Bible classes, whilst in others mission Sabbath schools, courses of lectures, and sermons were receiving more attention. Of the few that had commenced the formation of libraries, the one at Boston, which already contained about two thousand volumes, was most successful. Nearly all the associations have now rooms for reading and conversation.

In April, 1858, the fifth Convention was held at Charleston, S. C., which was much more numerously attended than any of the preceding ones, there having been over a hundred delegates present, representing all parts of the Union and the Canadas.

As already stated, the number of associations in the United States is over one hundred and fifty, having an aggregate membership of about 50,000.

THE ATHENEUM—GOOD HOUSES AND GOOD BILLS.—The Manager of the Atheneum, Mr. JOHNSON, is deserving of great credit for his persevering efforts to establish a respectable and permanent place of amusement in our city, and we trust that he may realize a pecuniary reward sufficient to compensate him for his trouble and expense. The Atheneum is evidently gaining in public estimation, and we are glad to see that it is becoming the resort of our best citizens. It is the aim of Mr. JOHNSON to exclude from his stage all representations that are not of a strictly moral and chaste character, and in this he should have the encouragement of those who, with good reason, condemn the low and immoral dramatic performances so much in vogue at at the present day. The corps of performers at the Atheneum were selected with good judgment, and they are probably fully equal to the best stock company in New York or Philadelphia. At least we have heard this opinion expressed by eastern gentlemen sojourning in our city.

Nobody will deny the fact that a good permanent theatre is a great benefit to a place containing as large a population as Milwaukee, and that such an institution can be maintained here we do not entertain the slightest doubt. Indeed it would be an insult to the liberality of our citizens to say that a theatre cannot be supported here.

The announcement of any good play at the Atheneum almost invariably attracts a full house. This evinces the fact that the public *do* appreciate artistic dramatic entertainments, and there is good reason to believe that the plan which the manager now appears to be adopting, that of presenting none other than productions of real merit, will insure success.

There is another consideration, aside from those we have alluded to, which should go far towards rendering the Atheneum an institution of special favor amongst our citizens. Mr. JOHNSON, its proprietor, is not one of those migrating nondescripts who visit us occasionally, carrying away all the money they can manage to pocket. He is one of our own people and an old resident of Milwaukee. The Atheneum is, therefore, a home institution, and as such, is entitled to our hearty support.

A very attractive bill was presented last night, and as a matter of course there was a good attendance. Mr. A. BURGER, an actor of no ordinary merit, who is engaged for a short season at the Atheneum, made his first appearance as *Sir Giles Overreach*, in the capital comedy entitled "New Way to Pay Old Debts." We had only a moment to look in last evening, and cannot, therefore, say much of Mr. BURGER's playing. There was a full house, however, and all appeared to be well pleased with the performance.

This evening the beautiful play of Damon and Pythias will be performed, Mr. BURGER appearing as DAMON, and Mr. RILEY as Pythias. They are both capable of doing full justice to these characters. For an afterpiece, we observe on the bill the capital farce, the "Alarming Sacrifice," a piece which gives full scope to the droll genius of LAMB, as Bob Ticket.

LECTURE BEFORE THE YOUNG MEN'S CHRISTIAN ASSOCIATION THIS EVENING.—The second lecture of the season before the Young Men's Christian Association will be delivered this evening, at Albany Hall, by Professor A. J. UPSON, of Hamilton College. The subject selected for the occasion is *"The Child-like Spirit,"* and from the reputation of the lecturer, we anticipate a highly instructive discourse. The Utica *Herald* of a recent date, contains the following complimentary notice of Prof. UPSON:

AN ONEIDA COUNTY LECTURER.—Oneida furnishes to the catalogue of lecturers two or three gentlemen of attainments. The most prominent as well as the most scholarly and finished lecturer, however, is Prof. A. J. Upson. We notice that he has engagements to lecture during the winter at Milwaukee and Janesville, Wisconsin, Norwich, Conn., as well as various places in this State. Prof. Upson is gaining for himself high rank as a popular orator, and we are glad to see that he is appreciated abroad as well as at home.

Prof. UPSON goes from this city to Janesville and thence to Madison, at both of which places he has engagements to fill.

PUBLIC SCHOOL EXAMINATION.—The Examination of the Seventh Ward High School commenced yesterday, and ended to-day. A large number of ladies and gentlemen were present during the exercises, and expressed themselves much pleased with the condition of the School.

The Second Ward High School examination will be continued to day and close to morrow; the latter part of the day will be devoted to Declamations, Reading of Essays, Music, &c.—The scholars exhibit marked improvement during the brief time that the school has been opened.

OUR MUSICAL SOCIETY.—The Concert of the Musical Society on Tuesday evening, at Albany Hall was well attended and heartily enjoyed and applauded. Take it as a whole, we think that it was one of the best entertainments they have yet given. We regret to learn that the Society is somewhat embarrassed in its circumstances, the receipts during the past year having fallen short of the expenditures. It is proposed, we learn, to repeat the Concert of Tuesday on some evening next week for the benefit of the Society. Should such an appeal be made to our musical public, we hope that it will meet with a liberal response.

GATHERING AT THE NEWHALL HOUSE.—We understand that the patrons and friends of the Seventh Ward School, under the charge of Mr. MCKINDLEY, meet at the Newhall House, *this* (Thursday) evening, at 8 o'clock, to have a talk together. Teachers and Pupils of the High School take supper there at half-past 7 o'clock, in honor of their First Anniversary. They will no doubt enjoy a pleasant evening, and we hope to see a large attendance of the friends of the School, and all interested in the cause of education.

POLICE COURT YESTERDAY.—Patrick O'Rourke drunk, fined $1.

George Washington Marshall, an old scamp who has been supported by the County for the greater part of the past year, was fined $10 for vagrancy, and directed to take his choice between going to jail, or leaving town.

Frederick Netke, disorderly, fined $1.

THE NEW CHARTER.—Public meetings are called for *this* and to-morrow evenings, in the Fifth and Eighth Wards, to discuss the New Charter, and instruct the Delegates from those Wards what action to take in regard to certain of its provisions.

NOTICE.—The great sale of Jewelry by ALTON & AYRES, 148 East Water street, takes place this morning and evening.

Cow-Stealing.

MILWAUKEE, Dec. 22, 1858.

MR. EDITOR:—There is cow-stealing going on in our city. Last night, between the hours of 7 and 10 o'clock, some person, or persons, took the liberty of going into my cow yard, and broke the door of my cow stable down, and took my good cow, which is very *fat*. Well, this is too bad. I also understand that my neighbor, Mr. JOHN DURAND, had his cow stolen within the last few days. His cow was also very fat, for he is a good liver as well as myself, and of course, our cows live well. Now, as regards myself, I will say this: If the person who has stolen my cow, if he has not killed her for beef, will promise to supply me with the milk until the first day of next June, and say he is sorry for what he has done, I will give him the cow; or if any one who has stolen the cow for beef, (which, by the by, it will will be pure fat beef,) will send me the hind quarters, accompanied with a note that he is sorry for what he has done, I will forgive him.—My cow was a Durham, roan color. As for ever finding her, I give that up. This is the third cow that I have lost. Any one who should be eating fat beef for dinner to-day, will bear in mind that probably it is part of my cow—and you will find the beef very good.

CALEB WALL, City Auctioneer.

THE CHARTER CONVENTION.—The Charter Convention met pursuant to adjournment, in the Common Council Chamber, yesterday morning, Hon. A. G. MILLER presiding, and P. KELLY acting as Secretary. The new Charter, as drafted by the committee, was read to the Convention, and a motion to adjourn for one week, in order to give members an opportunity to examine and digest it, was discussed at some length.—This was objected to, on the ground that there was not sufficient time, and it was finally agreed to meet at 10 o'clock this morning, for the purpose of submitting the Charter to the Convention for its approval.

WINES AND DELICACIES FOR THE HOLIDAYS.—Messrs. SPANGENBERG & FINCK call attention, through our advertising columns, to their large and well selected stock of Wines and Delicacies, provided expressly for the Holidays. Their rooms are in the basement of "the Albany," opposite the Newhall House, are abundantly furnished with the best of everything, and as they are entirely reliable dealers, they have no lack of customers.

HOLIDAY GIFTS.—What more appropriate present for a Holiday Gift than a certificate in the "Cosmopolitan Art Association," entitling the holder to a copy of that beautiful engraving, "The Village Blacksmith," Art Journal for a year, and one chance in the distribution of Works of Art, Jan. 1, 1859? But a few more days left to subscribe. M. G. ELMORE is the Secretary, 156 East Water Street.

A GRAND BALL IN PROSPECT.—We understand that the members of Engine Co. No. 1, the old pioneer of our fire department, are to have a fancy dance ball on the 19th or 20th of the coming month. It will be one of the grandest affairs of the season and "A No. 1" in every respect.

NO. 4's BALL.—The annual ball of Rough and Ready Engine Co., at Mabbett's and Conover's Hall, Tuesday night, was exceedingly well attended, and passed off to the satisfaction of all. We are glad to see that our people are not disregardful of the claims of the firemen.

MEDICAL DISCOVERY.

ALLEN'S SPECIFIC POWDERS.—The Proprietor, a Physician, having resided in the East Indies for upwards of fourteen years, with considerable study, and perseverance after Medical Science, discovered a vegetable product of nature, which possesses extraordinary virtue, and exerts an influence hitherto unknown in the animal economy.

A solid extract from this plant (which is indigenous to China, but grows also in India,) prepared in the form of powders, will aid and assist nature, when apparently defective, and remove the cause of *sterility* in married ladies, or females, from the age of 20 till upwards of 40 years.

The Physician, being a Botanist, while in China, as a Medical Officer during the late war, discovered the active principle of the plant, which invariably invigorates the whole system without producing any deleterious effect, on the contrary, it will restore a weak and debilitated constitution to health and strength. Thus, renewing and fortifying the frame towards the desired object.

The married portion of the female sex having no offspring, can procure packages of this invaluable medicine from the proprietor, Doctor ALLEN, or MARY ALLEN, at his office, Grove street, Fifth Ward, first house south of Fire Engine No 7, or from his agent, Mr. E. Printed instructions and directions for the use of the medicine will accompany each package, with the written name of the proprietor, to prevent the possibility of any empiric forging his signature.

The genuine medicine can only be procured in Milwaukee, from the Proprietor or his Agents, by applying for it at their residences, or by letter enclosing one dollar for each package, which will insure the safe transmission by post to any part of the United States, or elsewhere, to the address of the purchaser.

On motion of Mr. Phelps of Maine, the House resolved itself into a Committee of the Whole on the state of the Union, on the bill for the payment of the invalid and other pensions appropriating $852,000 thereof

The military academy bill, appropriating nearly $181,000 was next taken up.

Mr. Giddings, of Ohio, said that while some gentlemen were scrupulous about voting for the soldier's pension bill, paying those who had fought, the bill before them proposed paying them to learn to fight. He complained of appropriations for purposes of war, our mission being peace, and a standing army not having been contemplated by the formers of our government. They would soon be called on to vote large sums to fortifications, which in a quarter of a century will be as useless as old castles on the Rhine.

Mr. Lovejoy, of Ill., asked him whether he believed the soldier's pension bill right.

Mr. Giddings was glad his reverend friend had asked him that question. As the pension system had been adopted, he would deal out its benefits with even handed justice. Congress had squandered money on Gen. Scott, while there were men in his district not worth $100, who fought as gallantly.

Mr. Lovejoy said his theology was that two wrongs do not make right. Generals Scott and Cass were pensioners by the bill just passed, as well as the venerable gent from Ohio. It was like Oliver Twist presenting his bowl and asking for more soup. (Laughter.) The new pension system was inaugurated to-day, opening a sluiceway to a bottomless ocean of corruption. If the vote had been by ballot, there would not have been 50 votes in its favor. (Laughter.) But the old soldiers afforded an occasion for highfalutin and humbug, and hobby like boys riding on broom-sticks. (Laughter.) He would vote against the Military Academy bill—and all military bills. That was good theology, as well as Christianity.

Mr. Giddings replied that the House had not inaugurated the new system of pensions. It was inaugurated in 1818, and had been maintained to the present day.

Mr. Lovejoy responded that it was a new system to pension well men. After a while Congress will be called upon to pension those engaged in the Mexican, Florida and every other petty war.

The Military Academy bill was laid aside to be reported to the House.

Mr. Phelps, of Mo., offered a resolution referring the various branches of the President's message to the appropriate standing committees.

Mr. Comins, of Mass., remarked that there was much in the message to approve and much to condemn. While the President was anxious to enforce measures against Spain and other countries for satisfaction of our claims, even to war, he had nothing to say of our own Government, and the neglect of Congress to do justice to the claims of its own citizens, founded on justice.—He then explained and advocated the bill for the relief of Nathaniel and Benjamin Goddard, growing out of the ship Ariadne, in 1812.

Mr. Geo. Taylor, of N. Y., reviewed the correspondence on the subject of our Central American relations, showing the inconsistency and contradictory course pursued by England, and her object, which he believed to be to defeat our policy and secure a firmer foothold on the Isthmus. He doubted their good faith in seeming to avoid a direct issue of the Clayton-Bulwer treaty by negotiating with the weak States of Central America and not directly with this government. He advocated the abrogation of the Clayton-Bulwer treaty, and a more decided policy on our part as due to the interests and honor of this nation. He reviewed the history of the Monroe doctrine, and explained the circumstances under which that was announced, and the necessities of it at the time. As to its importance now, he sustained the President's Message throughout.

Mr. Morris, of Ill., explained his bill giving the people of the organized territories authority to elect their Judges, Governors and all other officers, and provide for the formation of a State constitution, when there is sufficient population to elect one member in Congress. He had hoped that the old issue on Lecompton would have been allowed to stop but it had been revived by the President. The Democracy of Illinois had been always brave and faithful, and yet a hostile policy had been pursued towards them by the administration. The guillotine has been at work, and the places of good men have been supplied by miserable scoundrels and sycophants, and this he could prove.

Mr. Washburn, of Illinois, asked—"do I understand that such persons have been appointed by the present administration."

Mr Morris replied that he did not assert that the character of those individuals was known to the heads of the department, but it is a fact that they were appointed to office. The passing of this bill would quiet the slavery agitation in Congress.

Mr. Ritchie, of Pa., characterized the election of Judges and Governors in the Territories as absurd, and referred to Utah to show what would be its unavoidable operations there.

Mr. Morris said that Mr. Ritchie could offer an amendment exempting Utah from the operation of the bill.

Mr. Davis, of Miss., asked and obtained leave to print his speech. Its subject was not mentioned.

Mr. Wilson, of Va., gave some reasons why he was opposed to the revival of specific duties.

The committee then rose.

The House then passed the invalid pension and West Point appropriation bills.

Mr. Morris, of Pa., gave notice of his intention to introduce a bill laying specific duties on a certain class of imports, and so amendatory of the present tariff as to furnish increased revenue to the Treasury, and proper protection to the labor and industry of the country.

Mr. Bates, of Miss., asked leave, but objection was made, to offer a resolution instructing the Committee on Foreign Affairs to report a bill authorizing the President to take possession of Cuba until satisfaction is given for insults offered on the persons and property of our citizens.

NEW YORK, Dec. 22.

The steamship Edinburgh arrived this P. M., from Glasgow the 2d inst. She experienced, for the first 15 days heavy westerly gales. Passed on the 18th, in latitude 44 degrees 15 minutes, longitude 54 degrees 20 minutes, the steamship Europa, for Liverpool.

New York Matters.

NEW YORK, Dec. 22.

The Mount Vernon Festival Ball at the Academy of Music last evening, was well attended, notwithstanding the severe snow storm, and was a magnificent affair.

Tom Hyer publishes a card to-day, accepting the challenge of Heenan, or in case Heenan declines, will fight any man in the world for $20,000.

The Royal Mail steamship Persia, sailed at 9 a. m. for Liverpool, with 60 passengers, among whom are Senor De Osma, Peruvian minister, and family, and Gen. Paez. She takes out $675,000 in specie.

Wm. Everts was to day chosen President of the New England Society, which gave its annual dinner at the Astor House this evening.

Gov. King is in town, and expresses himself decidedly in favor of the removal of Quarantine buildings. He states that a U. S. engineer, selected by him, was surveying the lower Bay, and reports that an island for quarantine purposes can be built on Orchard Shoals, a few miles below the Narrows. His official report will be ready in a few days, when the Governor and State Comptroller will decide upon the removal to the place named by him. $100,000 are now in the Treasury for the purpose of the removal.

The Washington correspondent of the *Post* says, that there is reason to believe that two or three more vessels have left or are about leaving our shores with fillibusters.

Southern Pacific Railroad.

NEW ORLEANS, Dec. 21.

The stockholders of the Southern Pacific Rail Road met this evening. Mr. Chelton offered a resolution inquiring of stockholders how they obtained their stock, but after some discussion the resolution was withdrawn. The President made a statement of his transactions with the Co., and before he got through his bitterest opponent interrupted him, expressing the satisfaction he felt at what the President had done.

THIRD DAY.—Gen. Richardson offered a resolution requiring the stockholders present to register the amount of stock represented, a majority of the shares to decide questions.

A heated discussion arose relative to fraudulent stock.

Col. Post read a balance sheet showing the liability for stock, deducting donations, of $2,600,000.

Post has over $400,000 worth that Northern friends had surrendered freely. The discussions and explanations strengthened the confidence of the New Orleans stockholders, disarmed suspicion and restored harmony.

The Germans for Free Labor.

The Emancipation discussion has broken out in the German newspapers along the western border of Missouri, and the very echo sends a thrill all along the line. The nigger organs are much perplexed as to the way to meet the question. A few counsel silence; some say remonstrate; others would drive the free white men out to make room for more slaves. Here is what the St. Joseph *Gazette* says:

AN EMANCIPATIONIST.—We have been asked why the *Gazette* has not noticed the emancipation articles which have appeared in the *Deutsche Zeitung*, of this city. We answer, that we do not intend to give the meddlesome individual a consequence to which his weak and silly articles do not entitle him. If left to himself, his articles will fall still-born. Unnoticed, he is utterly impotent for harm. This is a question the discussion of which, in this particular geographical locality with reference to our surroundings, can result in no good towards us. The very fact that the public discussion of the subject is going on tends to weaken the institution of slavery—not, to be sure, that the arguments of the emancipationists cannot be triumphantly refuted, but because it will intimidate the owners of such property already in our midst, and deter others from coming amongst us. We presume the writer of those emancipation articles will have accomplished his chief present aim when he has succeeded in provoking a discussion.

HERE is a paragraph from the *West* on the subject:

THE UMBRA AGAIN.—The last issue of the St. Joseph *Deutsche Zeitung* contains another article on the advantages and expediency of free labor in Missouri. Disregarding our word of caution, that paper continues the publication of the incendiary articles of Umbra, who in the issue of the 9th, is even bolder and more shameless in his abolitionism than he was in his communication of a week ago. He now goes in for the unceasing agitation of the subject of slavery, contending that it will hasten slavery extinction and the adoption of his pet measure of Emancipation—regardless of the danger to the lives of our citizens, which he engenders—regardless indeed of every principle by which a patriot is supposed to be actuated, Umbra continues to prattle his stale treason and nonsense in the columns of the *Zeitung*. We judge Umbra by his articles in the *Zeitung*—the species of the snake by the character of the poison—and judging him by that standard, we do hesitate to say that if he is fortunately possessed of even a spark of Promethian fire, he is a mischievous demagogue who seeks to array the foreign population of Missouri against the institution of slavery—indifferent as to the effect of his course on others so that he reaps promotion thereby—or—a more charitable supposition—a crazed man, who but for the miserable style of his writing, we might suppose to be Dr Lawson himself. But should Umbra finally turn out to be some seedy politician who has aspirations for office—say for Congress—the public must not expect us to restrain our laughter. The idea with which this luminous writer starts out in this second communication, is that of slavery *extinction*.

From Washington.

Correspondence of the Chicago Herald.

WASHINGTON, Dec. 15.

The readers of the *Herald* have, ere this, learned that the Democrats of the Senate have formally thrown Douglas *overboard*, by removing him from the chairmanship of the Committee on Territories, and ranking him with three opposition members of that committee. The reason of this action must be obvious to every true Democrat. The Committee on Territories is the only political committee, and it was necessary that the chairman of it should harmonize in political sentiment with the Democrats (the majority) of the Senate. The sentiments of Mr. Douglas, as expressed here, during the last session and in his Freeport speech, are at war with the sentiments of the Democracy of the Union, and it would have been as improper to have continued him as chairman of the Committee as though he had been an avowed Republican. Every consideration of harmony, party integrity and true Democracy demanded the removal of Mr. Douglas from the chairmanship.

By this significant act, so promptly performed, the President has been nobly sustained, and the course of the Administration men in Illinois and elsewhere vindicated. By this, our friends in Illinois may know that they are sustained by the Democracy of the Union. Let them take courage and fight on, accordingly. Now that the bug bear, Lincoln, can no longer be held up to terrify Democrats into the unwilling support of Douglas, the faithful will desert him by thousands, and range themselves under the banner of the party of the country.

I learn from conversation with the Democratic members of the lower House of Congress, that they cordially concur with the Senate as to the propriety of classing Mr. Douglas with the opposition. He is by all considered outside of *the Democratic party*, and will be treated as an outsider until he shall repent and swear allegiance anew, which, it is believed, he will not do, though I suspect he will make professions of Democracy for a time, yet, in order to carry as much strength as possible with him to aid him in his opposition purposes for 1860.

The Chicago *Herald*, from which we take the above, is the recognized and "official" organ of the Administration. It speaks for the BUCHANAN, or "National Democracy," of the Union. Of course its sayings are oracular, and from its decrees there is no appeal. It thus appears that Senator DOUGLAS is now "*outside of the Democratic party*." As Mr. WEBSTER said, "where will he go?"

THE GREAT EASTERN.—This mammoth steam craft is not destined to remain ingloriously inactive. The present owners have resolved to test her speed and carry out to some actual result an experiment which has already cost so much money. She will make one trip to this country, and then it is proposed to put her in the Eastern trade, not as was originally intended by going to Calcutta or any of the habitual ports, where her cargoes, supposing them to be full, would necessarily from time to time, swamp the market; but by selecting Trincomalee as a sort of depot station whence her freight could be trans shipped to all the neighboring ports in proportion to their requirement. In like manner, for the return voyage produce could be brought to her from a multitude of points, in vessels of all sizes. Trincomalee is within two days of Madras, four days of Calcutta, ten of Hong Kong or Shanghae, and twelve of Australia, and the harbor is one of the finest in the world.—The speed of the Great Eastern will, it is hoped, be 17 or 18 knots an hour, but reckoning only 15 knots she could accomplish the passage from England in 30 days.

PERSISTENT MISREPRESENTATION.—The *News'* correspondent, "A Catholic," occupies another half-column in yesterday's paper, with elaborate abuse and misrepresentations of the *Sentinel*.—The man and his motives are so well known and appreciated by all who wade through his prosy phillippics, that it would be a waste of time to notice them, or him, further.

APPOINTMENTS.—The Governor has appointed TIMOTHY HALL, of Hartford, Washington Co., Brigadier General of the 2d Brigade, 6th Division, in place of GEO. ROSEMAN, deceased.

Also, NELSON BAUETT, agent to collect fines, &c., in Jefferson County, vice J. C. CONVERSE, resigned.

ACCIDENT—A WARNING TO SKATERS.—Mr. H. A. Tenney, while skating last evening on Fourth Lake, fell through a hole in the ice, and came very near going under. It was not until after repeated exertions that he succeeded in getting upon the firm ice, thoroughly wet and considerably exhausted.—*Madison Journal.*

☞ The brothers Doyn, who it will be recollected, murdered their sister in a most brutal manner, last summer near Detroit, have been tried, but the jury failed to agree—standing seven for acquittal, and five for conviction. The defence was insanity.

Railway Servants.

EDITOR OF THE SENTINEL:—*Sir*—On reading the report of the arrest of the Railroad Ticket Swindler, "Newman," in last week's *Sentinel*, it occurred to me as very strange that Railway Directors are not more particular than they are, in ascertaining the moral character and habits of those whom they appoint to offices of trust and responsibility, and it seems to me that, if they were to require security and certificates of the applicants' character, from persons of high standing, and who are well known as such, and which could be procured by every person of good character and respectability, that they would secure the services of trustworthy and efficient servants. Allow me through your paper, to suggest to the Directors of all public Companies, that before engaging any one to any office of trust, that they should require good and sufficient security, that would be available to the Company in case of default, such as a deposit of money or transfer of real estate, &c., and the most satisfactory certificates of character, and I think they would then secure the services of persons on whom they could rely, and who would discharge their duties to the advantage of the Company and satisfactory to the public.

But as long as such offices are filled by persons of loose habits and character, who get appointed by party or political influence, such like cases as that above referred to will constantly occur. The services of trustworthy and efficient persons could be easily procured if the Directors would only take the proper course to do so, by advertising for applications for the office, &c. I know of persons of property, business qualifications and highest characters who would gladly undertake the duties of such situations, and give sufficient security for the faithful discharge thereof, but as they do not happen to have party or political influence they have no chance of appointment to office. But if the services of such persons were secured we should seldom hear of such like swindles, and the affairs of the Company would be conducted with regularity, and faithfully and honestly. If you think this suggestion worth a notice in your paper, please insert it in the next weekly *Sentinel*, and oblige yours, &c., C.

The Detroit & Milwaukee Railway Docks.

The splendid docks that have just been completed by the D. & M. Railway, extending from their present freight houses up the river, are the longest, as they are the most substantial structures of the kind ever built in this city. For a distance of over 1,500 feet, they extend in a straight line up the river, as smooth on the surface as a floor, and presenting as solid a front to the stream as though they were the bastions of an impregnable fortress. We have never seen a similar job of work that was so handsome in its appearance to the eye, or that would bear so well the most thorough scrutiny of the practical mechanic.

At the rear end of the dock—nearest Atwater street—the depth of water will average 8 feet; about midway of the dock the channel bank is reached, and the water suddenly deepens so that at the front of the dock there is an average depth of 30 feet, sufficient to accommodate the largest and most heavily laden vessels with perfect ease and facility.

The dock is built on 8,000 piles, averaging 35 feet in length, and driven firmly into the earth, far below the bed of the stream. Upon these are laid and securely fastened square timbers, for the purpose of forming an even bed for the planking. These timbers are 12 inches by 12 inches, and amount to 75,000 square feet running measure. There is also used 1,500 feet of sheet piling the entire length of the rear part of the dock, composed of two thicknesses of three inch plank. The whole surface is laid with three inch white oak plank, amounting to 560,000 feet—a little over half a million feet.

The lower end of the dock, for the distance of 300 feet, is extended from the old wharf, a distance of 51 feet. The remaining 1200 feet of the dock is 87 feet wide. There are also sunk 40 large double mooring piles, heavily bolted together and secured with solid iron nuts, for the convenience of vessels. There have been put down, besides, 12 pairs of large fender piles in front of the present freight buildings, and similar ones will doubtless be extended throughout the length of the dock, another year. These have large plates of half inch iron bolted to their front, which prevents boats wearing into them by "snubbing," when coming to the wharf.—Thus it will be seen, this work has been done in the most solid and durable manner. The present cost has been increased thereby, but it is the cheapest for the long years of use to which the work is to be devoted.

The timbers for piles, surface-bed, &c., were partly drawn from a distance of 10 miles out of the city, and partly floated from Mt. Clemens by the river and Lake St. Clair.

The work was begun Sept. 1st, and completed Dec. 1st, having been driven through with the greatest energy and perseverance by the enterprizing contractor, Samuel C. Ridley, of Hamilton. This gentleman is a very heavy contractor, having done work for the G. W. Railway extending from the Suspension Bridge to Grand Haven, including the immense stone viaduct at St. Catherines. His business was confided to two faithful and competent foremen—Joseph Dennis and Stephen Mapes—who have done their work with great fidelity. The improvement has furnished a large amount of work and money to our citizens, while it adds immensely to the facilities of the D. & M. Railway, and the good looks of that portion of our river front.

The total cost of this dock cannot be less than $175,000.

The same contractor and workmen are now engaged in putting up a brick freight depot to extend 409 feet from the present depot up the river, along the dock, having a width of 127 feet and a height of 20 feet. The front wall will be of wood, and a substantial shed will cover the front of the dock to protect goods that may be unloaded for storage. Two tracks are to be laid down within the depot, so that the cars can run directly in and load and unload their cargoes of freight directly to and from vessels and boats.

A second freight depot, for the storage and shipment of city freight especially, is also to be built the present winter, on Atwater street, a little below Hastings. This will be 200 feet long by about 40 wide. The works of the D. & M Railway are rapidly transforming the upper part of the city into a busy portion of the town.—Shops and manufactories are springing up in all directions, and we shall, ere long, see the teeming products of the northern part of the State pouring into our midst, while a largely increasing population will be demanding our wares and goods in exchange. The Detroit and Milwaukee Railway is destined largely to aid in this development.—*Detroit Tribune, Dec. 20*

Terrible Catastrophe at Belcher's Sugar Refinery

Boiler Explosion—Six Men Killed and Others Severely Wounded—The Engine Building and Machinery Destroyed, &c., &c.

At a quarter past seven o'clock this morning, the immense steam boiler in the three story engine building of Belcher's extensive Sugar Refinery, on North Main Street, exploded with a terrific concussion, which shook the earth and buildings for several squares, and was heard with perfect distinction over all the north-eastern quarter of the city. The southern and western walls of the building were blown out, and ponderous masses of timber and iron were thrown sixty feet upward into the air. An appalled crowd quickly rushed to the scene. The Mayor, Fire Inspector, and Fire Engineers, at once organized a band of laborers, to remove the ruins and extricate the human beings, living or dead, who were thus dreadfully overwhelmed. Some twenty laborers were employed in the building, scarcely one of whom appears to have escaped sufficiently unharmed to give any coherent account of the catastrophe he experienced.

The bodies of TEN MEN were at length gradually exhumed from the heated masses of brick, wood and iron. Three were corpses, scalded and mangled in the most dreadful manner. They were borne into a warehouse on O'Fallon street, opposite the wrecked pile. A fourth was taken still living into the Merchant's Exchange on Main street, where he shortly expired. A fifth was removed, fatally scalded, to his family in a tenement near. Another, with his skull split open, a young man, was carried to Biddle street. A seventh was sent, with mangled shoulder, and apparently broken back, to the Hospital. An eighth was placed in a rear room of the Mechanic's Exchange, and laid upon the floor writhing with injuries received upon the chest and legs. Two other victims, one of whom is fatally wounded, were borne to their afflicted families.

The work of exhuming was progressing when we left the ruins, at about half past ten A. M.—The bodies of two more victims were visible and were being extricated as rapidly as possible.

Of the dead we learn the names of Jacob Hemingbefer, John Conners, Brien Crahan, and Henry Pettingill. The name of the first is differently given as Jacob Mickelkeefer, but in the distraction of the hour and the absence of his friends, we could not thoroughly determine which name is correct—though the former appears to be. He is a German, and was a millwright, living on Second street between O'Fallon and Ashly, where he has a family. John Conners was a fireman, engaged at the Refinery but four days since, and leaves a wife and five children living on the east side of Main, near Columbia street. His body was shockingly mutilated and scalded. Brien Crahan was also a fireman, and leaves a wife and two children living near the foot of Bates street. Henry Pettingill was, we believe, a machinist, and has a family in Illinois. He was taken alive from the ruins and laid on the floor in the rear of the Mechanics' Exchange, where medical aid was administered him, but in vain. His brother appeared at the scene, and on the event of his death, telegraphed the sad intelligence to the bereaved family.

Of the surviving victims—surviving when we left the scene—we have the names of Michael Keefe, Julius Albrecht, Robert Cook, John Burns, and E. Holdroff. Keefe is fatally scalded, his case being considered quite hopeless. Albrecht will probably survive. Cook is an apprentice, aged eighteen years, and lives on an alley between Fourteenth and Fifteenth, and Biddle and O'Fallon streets. He was borne thither with a broken skull, and cannot be expected to recover. Burns has a family, and his injuries will also probably issue fatally. The extent of Holdroff's injuries we did not learn.

The pecuniary loss of the establishment will be heavy, but is estimated by the proprietor as inconsiderable, compared with the loss of life, the physical suffering and the bereavement involved.

The above, with some inaccuracies corrected, is the description given in our Extra, issued a few hours after the catastrophe.

Michael Keefe died at 12 o'clock Saturday night, and an inquest was held upon him yesterday. Inquests upon Crahan, Hemminghofer, Conner and Pettingil were held during Saturday. In each case the jury found that the death resulted from the accident, but stated that the cause of the explosion was to them unknown.

The boiler room was a hundred and twenty-five feet deep, located in the northeast corner of O'Fallon street and an alley separating it from the principal structure fronting on Main street. The boiler was a tubular and upright one, with seventy-four flues. It was made by Messrs. Gaty, McCune & Co., but has since been very much altered, so that those gentlemen are rather to be credited with the service than the injury it has done. It was lately tested by the hydraulic press, and found to sustain a force of one hundred and seventy five pounds per square inch. The usual pressure is seventy-five pounds. It appears that certain bolts, holding the outside and inside sheets of the boiler together, first gave way, but, directly from what cause, is to be made the subject of an investigation by a competent committee.

A huge mass of the boiler and flues, weighing at least three tons, was thrown to the roof of the main building and lodged in the third floor.—The roof is full seventy-five feet in height.

Another mass of some eight hundred pounds was thrown about two hundred feet to the roof of a house on Bates street, where it crushed thro' to the floor below, making a hole of some six by two feet. Smaller fragments flew in every direction—many to an almost incredible distance.

The pecuniary damage sustained is estimated at from five to eight thousand dollars.

Since writing the above, we learn that young Cook expired of his injuries yesterday forenoon.

WEAKNESS OF THE STOMACH AND INDIGESTION. ANOTHER GREAT CURE EFFECTED BY BOERHAVE'S HOLLAND BITTERS.—The wife of Pieter De Witte, living in Holland Town, Sheboygan county, Wisconsin, suffered much from Weakness of the Stomach and Indigestion. She had been under a physician's care for some time, but the disease seemed to baffle even his skill. She purchased some HOLLAND BITTERS at our office, which has given tone to her stomach; her appetite and strength are returning, and we firmly believe that this is another great cure effected by your medicine.

We have still to record many wonderful cures effected by this remedy, but must wait another opportunity. One thing you can rely upon, what we have published are from persons much respected in our community, and are literally true. J. QUINTUS,

The Execution of Myers at Columbus, Ohio.

His last Moments and Dying Blasphemies—He Rejects Ministerial Offices and Spurns the Ministers.

On the 29th of May last, Myers, who was sentenced to three years imprisonment for horse stealing, in Clark county, without any apparent cause, seized an axe that happened to be lying in the yard, and literally beat out the brains of his fellow convict, Neville, who was under a three years' sentence for horse stealing in Athens County. Myers was convicted in September, 1857. He was tried for the murder, convicted and sentenced to be hung.

From the time of the commission of the murder, he exhibited the utmost indifference as to his fate, frequently telling those who called upon him to "hang him and be d——d," adding, with an air of determined bravado, "I'll fill the entire bill full!" The ministers of the gospel, who offered him the consolations of religion, he spurned from his cell with oaths that shocked the strongest nerves, or would tell them, as on one occasion, "If you want to pray, pitch in, and pray like h—ll!" He would listen to no advice, never expressed, in word or deed, the least sorrow for the murder, but frequently declared that if he had an opportunity, he would do the same thing over again. In this condition of mind he has remained constantly, even to the last hour of his existence.

THE EXECUTION—BLASPHEMOUS SPEECHES OF THE CONDEMNED.

Immediately upon entering the enclosure Myers ascended the steps, twelve in number, to the platform, without assistance, or showing the least feeling. He was accompanied by Sheriff Park, Deputy Sheriff Jones, Rev. Mr. Warner, and two or three assistants of the Sheriff.—After he was upon the platform, the usual number of witnesses were admitted within the enclosure, together with the members of the press. A pause of a minute or two followed, when the Sheriff and his Deputy led the condemned forward upon the fatal drop, and as the former ascended to fasten the rope to the beam, Myers took hold of the rope, and addressing the twenty or thirty persons in the yard below him, remarked, in a light, jocose way. "If I can hold on to this, I think that I can save myself yet!"

Not a muscle of his features moved, and his eyes glared as brightly and steadily upon the up-turned faces as though he were an indifferent spectator, instead of the principal actor in this painful scene. While the Sheriff was still engaged in adjusting the rope, Myers again addressed the crowd as follows:

"You can hang me when everything is clear. I wish you all a safe journey sometime through the wilderness, by J——s Ch——st!"

The tone and manner and language of the hardened criminal caused a shudder of horror amongst the spectators, who had hardly recovered from their surprise, when he threw an apple and an orange to the ground below, and exclaimed in a loud voice, "Pick them up, you G—d d—d rascals." And with the most stoical indifference he continued to gaze with unflinching eye upon those below him.

A brief, solemn, impressive prayer was then offered by Rev. Mr. Warner, during which Myers took hold of the rope which hung loose at his side, examined it attentively, looked at the beam over his head, and then, as if satisfied with his investigation, stood perfectly motionless throughout the remainder of the address to the Throne, in which reference was made two or three times, in a very solemn manner, to the fact that but a moment of time separated the condemned from eternity!

At the conclusion of the prayer, the prisoner exhibited the only emotion which had been discovered throughout the solemn preparation thus far, and that was but slight and only for a minute. He commenced to speak in a much less firmer tone of voice, and with less air of bravado than previously. He said:

"I had no correct idea of when I was to be hung. I have had no chance to reflect. I would like the privelege of two weeks longer to reflect. I had no lawyer or anybody else to do anything for me. If I can have that time I can do something for myself. If not, I suppose I must go."

At the conclusion of his remarks, the Sheriff removed the hat from the head of Myers, and placed the white cap over his face, shutting it out from the view of the spectators. The persons upon the scaffold then retired to the back part, when Rev. Mr. Warner asked:

"Myers, do you die in the faith of Jesus Christ?"

To which he replied, "I have nothing to say to you."

Sheriff Park then placed his hand upon the fatal lever at the rear of the trap, and the utmost silence pervaded the enclosure, although the laughter and shouts of the crowd in the streets could be distinctly heard. After waiting perhaps a minute, at precisely half past twelve o'clock, the Sheriff gave the lever a slight jerk, the springs supporting the drop gave way, and the body fell a distance of nearly five feet.—There were very little muscular contortions.—The legs were partially drawn up two or three times, but nothing else indicated that the suspended form, enshrouded in white, possessed animation.

TO THE PUBLIC.

In answer to the numerous letters addressed to me on the subject of the Mustang Liniment, I would say that I have had no connection with that article for several years. It was invented by me, and while put up under my control and supervision, was universally accepted by the public, as the best liniment in the world. In 1854 I sold out my interest in it to other parties, and since that time it has passed through the hands of several persons, most of whom have been so unscrupulous as to manufacture it of inferior and cheaper articles, and thus to entirely destroy its value as a medical remedy, trusting for success in selling to its former highly established reputation. Its present proprietors have gone so far as to substitute other articles in its composition for those in the original prescription, so that the Mustang Liniment now vended possesses no one of the distinguishing characteristics of the genuine article, as it was originally invented and manufactured by me. These parties, to enable themselves with more facility to foist their worthless and injurious article on the public, use *my name* as its sponser, calling it "BRAGG'S" Mustang Liniment, and cautioning the public to beware of any other Bragg's Liniment as an imposition. This is done with a view of exciting a prejudice against "BRAGG'S ARCTIC LINIMENT," an article more recently invented by me, and possessing all the virtues of the original Mustang, with some improvements—the result of experience and later discoveries—and manufactured by Bragg & Burrowes, which firm is composed of my son, Oliver T. Bragg, and Michael Burrowes. This article is superior in many respects to the Mustang, when it was put up pure and in good faith, and is immeasurably superior to the article now vended as the Mustang Liniment. It is also the only liniment manufactured to which my name is appended by my authority or consent. In conclusion, I cannot hold myself responsible for any of the evil results of using the Mustang Liniment now vended, and especially after this public disclaimer of any connection with its proprietorship or manufacture.
Respectfully, A. M. BRAGG, M. D.

RICHARDSON'S
IRISH LINENS!
Damasks, Diapers, &c.

CONSUMERS of Richardson's Linens, and those desirous of obtaining the Genuine Goods, should see that the articles they purchase are sealed with the full name of the firm,
Richardson, Sons & Owden,
as a guarantee of the soundness and durability of the Goods.
This caution is rendered essentially necessary, as large quantities of inferior and defective Linens are prepared, season after season, and sealed with the name of RICHARDSON, by Irish Houses, who, regardless of the injury thus inflicted alike on the American consumer and the manufacturers of the genuine Goods, will not readily abandon a business so profitable, while purchasers can be imposed upon with Goods of a worthless character. VICTORIOUS OVER PAIN.
BRAGG'S ARCTIC LINIMENT.

Agony or ease!—Sickness or health!—Life or death! These are the questions involved in the adoption or rejection of this specific by the martyrs to external diseases and injuries Having received the indorsement of the distinguished savan, the late Dr KANE, and its efficacy tested during two awful Winters in the regions of eternal ice, it is now coming into general use in every section of the civilized globe, and its marvelous cures are everywhere exciting astonishment.

THE AFFLICTED REJOICE.

HUNDREDS and THOUSANDS have tested its virtues, and are rejoicing in freedom from long lingering PAIN and DISEASE, which other remedies had failed to cure. Have you the BRONCHITIS, NEURALGIA, RHEUMATISM, SCROFULA, EAR-ACHE or TOOTH-ACHE—Are you afflicted with OLD SORES—Suffering from BRUISES, SPRAINS, CORNS, SORE EYES, PILES?
THE ARCTIC LINIMENT will afford you instant relief. Everybody is liable to

BURNS AND SCALDS.

For these dreadful accidents the ARCTIC LINIMENT should be kept on hand, for it affords sure and immediate relief, often saving from death. Every steamboat and railroad train should keep it. Who that has heard the shrieks of anguish uttered by the scalded and maimed victims of explosions and collisions, does not feel that some means of relieving their torture should always be accessible? Such does exist in this balmy pain controlling agent. It is

THE MOTHERS' COMPANION.

It cures CAKES IN THE BREAST, SORE NIPPLES, SORE LIPS, PIMPLES, &c. Ladies who prize a pure skin void of pimples, blotches, scurf and all discolorations and excrescences, should attack these trespassers on beauty's domain as soon as they appear with the ARCTIC LINIMENT. It is excellent for the Hair, giving it a healthy glossy appearance. It is

GOOD FOR MAN AND BEAST.

It is a sovereign remedy for the various diseases with which horses are afflicted, curing the most alarming cases of BRUISES, SPRAINS, STRING-HALT, WOUNDS, SCRATCHES, SWEENY, SPAVIN, RING-BONE, BIG-HEAD, POLL-EVIL, &c. No farmer, livery stable keeper, or any person owning valuable HORSES, should be without this valuable remedy.

AYER'S CATHARTIC PILLS.

THESE following remedies are offered to the public as the best, most perfect, which medical science can afford. AYER'S CATHARTIC PILLS have been prepared with the utmost skill which the medical profession of this age possesses, and their effects show they have virtues which surpass any combination of medicines hitherto known. Other preparations do more or less good; but this cures such dangerous complaints, so quick and so surely, as to prove an efficacy and power to uproot disease beyond anything which men have known before. By removing the obstructions of the internal organs and stimulating them into a healthy action, they renovate the fountains of life and vigor—health courses anew through the body, and the sick man is well again. They are adapted to disease, and disease only, for when taken by one in health they produce little effect. This is the perfection of medicine. It is antagonistic to disease, and no more. Tender children may take them with impunity. If they are sick they will cure them, if they are well they will do them no harm.

Give them to some patient who has been prostrated with bilious complaint; see his bent-up, tottering form straighten with strength again; see his long-lost appetite return; see his clammy features blossom into health. Give them to some sufferer whose foul blood has burst out in scrofula till his skin is covered with sores; who stands, or sits, or lies in anguish. He has been drenched inside and out with every potion which ingenuity could suggest. Give him these Pills and mark the effect; see the scabs fall from his body; see the new, fair skin that has grown under them; see the late leper that is clean. Give them to him whose angry humors have planted rheumatism in his joints and bones; move him, and he screeches with pain; he too, has been soaked through every muscle of his body with liniments and salves; give him these Pills to purify his blood; they may not cure him, for, alas! there are cases which no mortal power can reach; but mark, he walks with crutches now, and now he walks alone; they have cured him. Give them to the lean, sour, haggard, dyspeptic whose knawing stomach has long ago eaten every smile from his face and every muscle from his body. See his appetite return, and with it his health; see the new man. See her that was radiant with health and loveliness blasted and too early withering away; want of exercise, or mental anguish, or some lurking disease, has deranged the internal organs of digestion, assimilation, or secretion, till they do their office ill. Her blood is vitiated, her health is gone. Give her these Pills to stimulate the vital principle into renewed vigor, to cast out the obstructions, and infuse a new vitality into the blood.—Now look again—the roses blossom on her cheek, and where lately sorrow sat joy bursts forth from every feature. See the sweet infant wasted with worms. Its wan, sickly features tell you without disguise, and painfully distinct, that they are eating its life away. Its pinched up nose and ears, and restless sleepings, tell the dreadful truth in language which every mother knows. Give it the Pills in large doses to sweep these vile parasites from the body. Now turn again and see the ruddy bloom of childhood. Is it nothing to do these things? Nay, are they not the marvel of this age? And yet they are done around you every day.

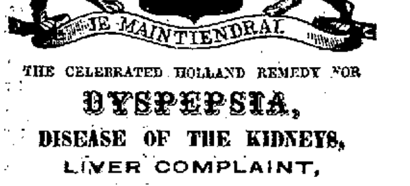
BOERHAVE'S
HOLLAND BITTERS.



THE CELEBRATED HOLLAND REMEDY FOR
DYSPEPSIA,
DISEASE OF THE KIDNEYS,
LIVER COMPLAINT,
WEAKNESS OF ANY KIND,
FEVER AND AGUE,
And the various affections consequent upon a disordered
STOMACH OR LIVER,
Such as Indigestion, Acidity of the Stomach, Colicky Pains, Heartburns, Loss of Appetite, Despondency, Costiveness, Blind and Bleeding Piles. In all Nervous, Rheumatic and Neuralgic Affections, it has in numerous instances proved highly beneficial, and in others effected a decided cure.

This is a purely vegetable compound, prepared on strictly scientific principles, after the manner of the celebrated Holland Professor, Boerhave. Its reputation at home produced its introduction here, the demand commencing with those of the Fatherland scattered over the face of this mighty country, many of whom brought with them and handed down the tradition of its value. *It is now offered to the American public, knowing that its truly wonderful medicinal virtues must be acknowledged.*

It is particularly recommended to those persons whose constitutions may have been impaired by the continuous use of ardent spirits, or other forms of dissipation. Generally instantaneous in effect, it finds its way directly to the seat of life, thrilling and quickening every nerve, raising up the drooping spirit, and infusing new health and vigor in the system.

READ CAREFULLY! The Genuine highly concentrated Boerhave's Holland Bitters is put up in half-pint bottles only, and retailed at ONE DOLLAR per bottle. The great demand for this truly wonderful Medicine has induced many imitations, which the public should guard against purchasing.

Beware of Imposition! See that our name is on the label of every bottle before you buy.

THE LIVER
INVIGORATOR!
PREPARED BY DR. SANFORD,
COMPOUNDED ENTIRELY FROM GUMS,

IS one of the best purgative and Liver medicines now before the public, that acts as a *Cathartic*, easier, milder and more effectual than any other medicine known. It is not only a *Cathartic*, but a *Liver* remedy, acting first on the *Liver* to eject its morbid matter, then on the stomach and bowels to carry off that matter, thus accomplishing two purposes effectually, without any of the painful feelings experienced in the operations of most *Cathartics*. It strengthens the system at the same time that it purges it; and when taken daily in moderate doses, will strengthen and build it up with unusual rapidity.

The LIVER is one of the principal regulators of the human body; and when it performs its functions well the powers of the system are fully developed. The stomach is almost entirely dependent on the healthy action of the *Liver* for the proper performance of its functions; when the stomach is at fault, the bowels are at fault, and the whole system suffers in consequence of one organ—the LIVER—having ceased to do its duty. For the diseases of that organ one of the proprietors has made it his study, in a practice of more than twenty years, to find some remedy wherewith to counteract the many derangements to which it is liable.

To prove that this remedy is at last found, any person troubled with LIVER COMPLAINT, in any of its forms, has but to try a bottle, and conviction is certain.

These Gums remove all morbid or bad matter from the system, supplying in their place a healthy flow of bile, invigorating the stomach, causing food to digest well, PURIFYING THE BLOOD, giving tone and health to the whole machinery, removing the cause of the disease, effecting a radical cure.

BILIOUS ATTACKS are cured, AND WHAT IS BETTER, PREVENTED, by the occasional use of the LIVER INVIGORATOR.

One dose after eating is sufficient to relieve the stomach and prevent the food from rising and souring.

Only one dose taken before retiring, prevents NIGHTMARE.

Only one dose taken at night, loosens the bowels gently, and cures COSTIVENESS.

One dose taken after each meal will cure DYSPEPSIA.

☞ One dose of two teaspoonfuls will always relieve SICK HEADACHE.

One bottle taken for female obstruction removes the cause of the disease, and makes a perfect cure.

Only one dose immediately relieves CHOLIC, while

One dose often repeated is a sure cure for CHOLERA MORBUS, and a preventive of CHOLERA.

☞ Only one bottle is needed to throw out of the system the effects of medicine after a long sickness.

☞ One bottle taken for JAUNDICE removes all sallowness or unnatural color from the skin.

One dose taken a short time before eating gives vigor to the appetite, and makes food digest well.

One dose often repeated cures CHRONIC DIARRHŒA in its worst forms, while SUMMER and BOWEL complaints yield almost to the first dose.

One or two doses cures attacks caused by WORMS in Children; there is no surer, safer, or speedier remedy in the world, as it never fails.

☞ A few bottles cures DROPSY, by exciting the absorbents.

We take pleasure in recommending this medicine as a preventive for FEVER AND AGUE, CHILL FEVER, and all FEVERS of a BILIOUS TYPE. It operates with certainty, and thousands are willing to testify to its wonderful virtues.

ALL WHO USE IT ARE GIVING THEIR UNANIMOUS TESTIMONY IN ITS FAVOR.

☞ MIX WATER IN THE MOUTH WITH THE INVIGORATOR, AND SWALLOW BOTH TOGETHER.

THE LIVER INVIGORATOR
IS A SCIENTIFIC MEDICAL DISCOVERY, and is daily working cures almost too great to believe. It cures as if by magic, *even the first dose giving benefit*, and seldom more than one bottle is required to cure any kind of LIVER Complaint, from the worst *Jaundice* or *Dyspepsia* to a common *Headache*, all of which are the result of a DISEASED LIVER.

PRICE ONE DOLLAR PER BOTTLE.

A Card from Dr. James M. Jarrett,

OF THE NEW YORK LUNG INFIRMARY.—My connection for the past eight years with the above Institution, as Chief Physician, and a twelve years' course of steady devotion to the cure of Pulmonary Consumption and its kindred diseases, together with my unrivaled opportunities and advantage of pathological research—aided not a little by a perfect system of *Medical Inhalation*—has enabled me to arrive at a decisive, direct, and successful course of treatment for the positive cure of all diseases of the *Throat, Lungs, and Air-Passages*. By Inhalation, the vapor and curative properties of medicines are directly addressed to the diseased organs and the integument. I do not advise the use of Medical Inhalation of any kind, to the exclusion of *general treatment;* and although I consider it a useful adjuvant in the proper management of those fearful and often fatal diseases, yet I deem it very necessary that each patient should have the benefit of both *general* and local treatment The success of my treatment in the above diseases, and the high character of the Institution over which I have so long had the honor to preside, are too well known to need any eulogy or comment from me. At the solicitation of many private and professional friends, through whose philanthropic aid the above charity has been long and liberally supported, after due consideration, I have concluded to make such arrangements as will bring benefits of my experience and treatment within reach of all, and not to confine myself, as heretofore, to those only who entered the Infirmary, or who were able to visit me at my office. Hoping therefore that the arrangement will give entire satisfaction, both to my professional brethren and the public, I would respectfully announce the conclusion, that *I can now be consulted personally or by letter*, on all diseases as above, and that the medicines, the same as used in the Institution, prepared to suit each individual case, *Inhaling Vapors, Medical Inhalers, &c., &c.*, will be forwarded to any part of the United States or the Canadas. TERMS—*My terms for treatment by letter* are as follows, viz: $12 per month for each patient, which will include medicine sufficient for one month's use; also, Inhaling Vapor, and an Inhaling Apparatus. Payment as follows: $6 to be paid to Express Agent on receipt of the box of Medicine, and the balance $6 at the expiration of the month, if the patient be cured or is entirely satisfied with the treatment. Patients, by giving a full history of their case, and their symptoms in full, can be treated as well by letter as by personal examination. Patients availing themselves of Dr. Jarrett's treatment may rely upon immediate and permanent relief, as he seldom has to treat a case over thirty days. Letters for advice promptly answered. For further particulars address JAMES M. JARRETT, M. D.,
No. 820 Broadway, cor. Twelfth st., N. Y.

P. S.—Physicians and others visiting the city are respectfully invited to call at the Infirmary, where many interesting cases can be witnessed, and where our *improved apparatus* for the inhalation of medicated vapor can be seen and inspected. sep9h154 6mo

COMMERCIAL & FINANCIAL.

OFFICE OF THE DAILY SENTINEL, Wednesday Evening, Dec. 22, 1858. }

The receipts of wheat by Railroad to day comprise about 7,560 bushels, and the sales show an improvement of 1a2c on spring grades, the range for No. 1 being 75a 77c, and for extra 86a92c, with a brisk demand for good samples. Flour also exhibits a little more firmness, and choice country brands are held at $4a$4,25. The receipts to-day are upward of eleven hundred barrels.—Barley, rye, and corn are tolerably firm, and oats remain steady at 40a42c.

With larger receipts the market for dressed hogs is very active at rather better prices. Light hogs, averaging 150 to 180 lbs, sold to-day at $5,25a$5,50; those ranging from 190 to 200 lbs, $5,60a$5,75, and from 200 to 260, $5,75a$6. The sales comprise between 6 and 700 head, and receipts are as follows:

By M. & M. R. R..495 head.
By L. C. & M. R. R.......................................68 do
By M. W. B. V. R. R.....................................15 do
By M. & H. R. R...21 do

Total..504 do
Before reported.............................21,370 do

Rec'd thus far this season..................21,574 do

There is decidedly a firmer feeling in the provision market, especially in hog products. Mess pork is held at an advance, and we note a couple of sales of prime pork at $12, an improvement of 50c on the last transactions reported.

The Cincinnati and Chicago hog markets have now reached the highest point touched this season, and at last advices were firm with decreasing receipts.

The following are the principal receipts by Railroad to-day:

Flour, bbls	1,115	Hides, lbs	12,840
Wheat, bus	7,569	Dressed hogs	504
Barley, bus	453	Poultry, bbls	11
Rye, bus	18	Poultry, lbs	950
Corn, bus	208	Butter, bbls	1
Oats, bus	2,269	Venison, lbs	259

RECEIVED BY MIL. & MISS. R. R., Dec. 22.—3,690 bus wheat, 206 bus corn, 141 bbls flour, 192 bus barley, 495 hogs, 218 bus oats, 6,165 lbs hides, 9,082 lbs sundries, 955 lbs poultry, 525 lbs venison, 2 qrs beef.

LA CROSSE & MILWAUKEE R. R., Dec. 22.—207 bbls flour, 7,390 bus wheat, 188 bus oats, 254 bus barley, 625 bus corn, 8 bus grass seed, 4,700 lbs hides, 6,903 lbs sundries, 63 dressed hogs, 25 bbls tallow, ¾ cord staves, 1 cow, 11 cords wood, 19 sacks flour.

MIL. WAT. & B. V. R. R., Dec. 22—195 bus wheat, 246 bbls flour, 15 hogs, 715 bus oats, 400 lbs hides, 1,030 lbs sundries, 77 bus rye, 2 qrs beef, 1 bbl butter, 5 bbls poultry.

MILWAUKEE & HORICON R. R., Dec. 21.—1,019 bus wheat, 1,152 bus oats, 1,256 lbs hides, 6 bags poultry, 3 bags seed, 21 dead hogs.

The *Press & Tribune* of this morning, speaks as follows of the Chicago hog market of yesterday:

The hog market to-day was active and prices were a shade firmer for heavy hogs, which were scarce. Hogs weighing 200 up to 240 lbs were sold at $6, and those weighing 240a310 lbs $6,12a6,25. There were, however, very few $6.25 hogs in market. Heavy lots of live hogs brought $5a5,10 gross.

The following table shows the comparative receipts and shipments of hogs, live and dressed, since the winter packing commenced:

	1858	1857
Received up to Dec. 11	155,586	61,503
Received week ending Dec. 18	23,120	10,495
Total receipts	178,706	77,998
Shipped since Nov. 1	32,864	28,274
Total surplus	145,842	49,724

Estimating the city consumption at 23,000 hogs since Nov. 1 we have a balance of about 120,000 hogs packed and in packers' hands. It is safe to estimate the season's packing at 150,000—against 96,000 head packed last season.

In regard to provisions, the *Press & Tribune* says:

To day there is considerable inquiry for mess pork and buyers offer $15,75 freely; but holders ask $16a16,50. About 1,0 0 bbls prime lard were sold to-day at 10½c; but holders are generally asking 10¾c. Cut meats are in good demand, with sales to-day of 2,500 packed shoulders at 5¼c, and 1 500 packed sides at 7¼c.

WHAT? WHY A BEAUTIFUL HEAD OF HAIR,

Because it is the ornament God Himself provided for all our race. Reader, although the rose may bloom ever so brightly on the glowing cheek, the eye be ever so sparkling, the teeth be those of pearls, if the head is bereft of its covering, or the hair be snarled and shriveled, harsh and dry, or worse still, if sprinkled with gray, nature will lose more than half her charms. Prof. Wood's Hair Restorative, if used two or three times a week, will restore and permanently secure to all such an ornament. Read the following and judge. The writer of the first is the celebrated Pianist, Thalberg:

DR. WOOD:— New York, April 19th, 1858.

Dear Sir: Permit me to express to you the obligation I am under for the entire restoration of my hair to its original color. About the time of my arrival in the United States it was rapidly becoming gray, but upon the application of your Hair Restorative, it soon recovered its former hue. I consider your Restorative as a very wonderful invention—quite efficacious as well as agreeable. I am, dearly, yours truly, S. THALBERG.

"Drych a'r Gwyliedydd."

WELSH NEWSPAPER OFFICE, 113 Nassau st., April 12, 1858.

PROF. O. J. WOOD—*Dear Sir:* Some month or six weeks ago I received a bottle of your Hair Restorative and gave it to my wife, who concluded to try it on her hair, little thinking at the time that it would restore the gray hair to its original color; but to her, as well as my surprise, after a few weeks' trial it has performed that wonderful effect by turning all the gray hair back to brown, at the same time beautifying and thickening the hair. I strongly recommend the above Restorative to all persons in want of such a change in their hair.

CHARLES CARDEW.

New York, July 25, 1857.

PROF. O. J. WOOD: With confidence do I recommend your Hair Restorative, as being a most efficacious article I ever saw. Since using your Hair Restorative my hair and whiskers, which were almost white, have gradually grown dark; and I now feel confident that a few more applications will restore them to their natural color. It has also relieved me of all dandruff and unpleasant itching, so common among persons who perspire freely. J. G. KILBY.

PROF. WOOD—About two years ago my hair commenced falling off and turning gray; I was fast becoming bald, and had tried many Remedies to no effect. I commenced using your Restorative in January last. A few applications fastened my hair firmly. It began to fill up, grew out, and turned back to its former color, black. At this time it is fully restored to its original color, health and appearance, and I cheerfully recommend its use to all. J. D. HOES.

Chicago, Ill., May 1, 1857.

The Restorative is put up in bottles of 3 sizes, viz: large, medium and small; the small holds ½ a pint, and retails for one dollar per bottle; the medium holds at least 20 per cent more in proportion than the small, retails for two dollars per bottle; the large holds a quart, 40 per cent more in proportion, and retails for $3.

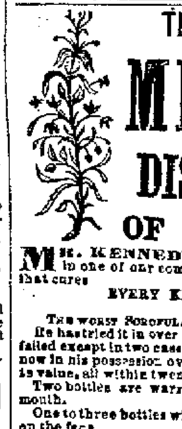
MEDICAL.



THE GREATEST

MEDICAL

DISCOVERY

OF THE AGE.

MR. KENNEDY, of Roxbury, has discovered in one of our common pasture weeds a remedy that cures

EVERY KIND OF HUMOR,

FROM

THE WORST SCROFULA DOWN TO A COMMON PIMPLE.

He has tried it in over eleven hundred cases, and never failed except in two cases, both thunder humor. He has now in his possession over one hundred certificates of its value, all within twenty miles of Boston.

Two bottles are warranted to cure a nursing sore mouth.

One to three bottles will cure the worst kind of pimples on the face.

Two or three bottles will clear the system of biles.

Two bottles are warranted to cure the worst canker in the stomach.

Three or five bottles are warranted to cure the worst kind of Erysipelas.

One to two bottles are warranted to cure all humor in the eyes.

Two bottles are warranted to cure running of the ears and blotches among the hair.

Four to six bottles are warranted to cure corrupt and running ulcers.

One bottle will cure scaly eruptions of the skin.

Two or three bottles are warranted to cure the worst kind of ringworm.

Two or three bottles are warranted to cure the most desperate case of rheumatism.

Three or four bottles are warranted to cure salt rheum.

Five to eight bottles will cure the worst case of scrofula.

A benefit is always experienced from the first bottle, and a perfect cure is warranted when the above quantity is taken.

ROXBURY, MASS.

DEAR MADAM:—The reputation of the Medical Discovery, in curing all kinds of humors, is so well established, by the unanimous voice of all who have ever used it, that I need not say anything on the subject, as the most skillful physicians and the most careful Druggists in the country are unanimous in its praise.

In presenting the Medical Discovery to your notice, I do it with a full knowledge of its curative powers, in relieving all, and curing most of the diseases to which you are unfortunately so liable. That most excruciating disease to an affectionate mother,

NURSING SORE MOUTH,

is cured as if by a miracle; your own temper is restored to its natural sweetness, and your babe from short and fretful naps to calm and sweet slumbers; and the Medical Discovery becomes a fountain of blessings to your husband and household.

In the more advanced stages of

CANKER

it extends to the stomach, ensuing

DYSPEPSIA

which is nothing but canker on the stomach; then to the intestines and

KIDNEYS

creating a sinking, gone feeling, and an indifference even to the cares of your family.

Your stomach is

RAW AND INFLAMED,

your food distresses you, and you can only take certain kinds, and even of that your system does not get half the nourishment it contains, as the acrimonious fluid of the canker eats it up; then your complexion loses its bloom and becomes sallow or greenish, and your best day is gone. For want of nourishment your system becomes loose and flabby, and the fibres of your body become relaxed. Then follow a train of diseases which the Medical Discovery is peculiarly adapted to

CURE;

Palpitation of the heart, pain in the side, weakness of the spine and small of the back, pain of the hip-joint when you retire, irregularity of the bowels, and also, that most excruciating of diseases the

PILES.

How many thousands of poor women are suffering from this disease and pining away a miserable life, and their next door neighbor does not know the cause. I wish to impress on your mind that good old proverb, "an ounce of prevention is better than a pound of cure." In the

MEDICAL DISCOVERY

you have both the preventative and the cure, with this great and good quality, that it will never, under any circumstances, do you an injury. Yours truly, DONALD KENNEDY.

RADWAY'S REGULATING PILLS.

DR. RADWAY & Co. have recently discovered a method for extracting from roots, herbs, plants and gums a nutritious extract of such wonderful nourishing, powerwhich they have combined with Radway's Regulating Pills—that six of these pills will supply the blood with the same amount of nutrition as one ounce of ordinary bread; so that while the system is undergoing a thorough physicing, and regulating process, it daily becomes strengthened.

Persons afflicted with Liver Complaint, Dyspepsia, Heart Diseases, Fullness of Blood, and all Females who are subject to Irregularities, Hysteria, &c., are particularly recommended to use these Pills. Mothers nursing should likewise take one or two of these Pills once or twice per week. They will not only keep your system healthy and regular, but will protect your infants against Cramps and Pains in the stomach, and insure not only a healthy child, but will invest every child, thus suckled, with a sweet disposition.
